

COMMUNITY ACTION BUILDING STEPS/RAMP - SHARON, PA

PROJECT DESCRIPTION

The handicap ramp and staircase at the Community Action Building in Sharon, PA was in need of a repair. K&M Construction called on Arisfor ToughDeck[®] to fix the spalled concrete with holes in the slabs. Despite the challenge of finishing around the railing posts and angles on edge, the ramp and staircase had a quick turnaround. ToughDeck[®] added a new look and superior finish to both applications. **K&M Construction was a first time applicator and was satisfied with the success of the product.**

KEY POINTS

- Quick Dry Time
- Provides Long-Term Durability
- Superior Finish
